JOURNEY BACK TO AN AGE OF INNOVATION

"...if Hayao Miyazaki created a sandbox-style game, it would probably look a lot like this."
— *Hardcore Gamer Magazine*

As cars became more and more common on city streets, the Trotmobile came into being. This two-legged, walking metal vehicle could be adapted to a variety of road conditions and purposes. As the industrial revolution continued, the Trotmobile's popularity increased. People placed their hopes and dreams on the backs of these wonderful machines—marching toward a better life just beyond their reach...

- "Sandbox" style gameplay offers a fantastic non-linear action adventure!
- Make your living playing in a band, hauling cargo, or even as a Trotmobile arena fighter. The choice is yours!
- Customize your gameplay experience!
- Buy parts to pimp out your Trotmobile!
- Battle over land, sea, and air in your Trotmobile!
- Fight an overwhelming number of enemies and gigantic boss machines!
